SUMMARY

Ashley has a strong background in early childhood development. While attending Ohio State, she focused primarily on child and family development.

Ashley is currently planning community development meetings to facilitate the Master Planning process in Milwaukee Public School District. She is also updating Enrollment Projections for Jefferson County Public Schools in Colorado. Ashley will be involved in the Anchorage School District facility Assessments in the fall. She recently completed the Facility Master Plan for Campbell County Schools, VA. She also created tables for boundary analysis for Philadelphia's 280+ schools. Board to review Ashley updated the enrollment projections for the Duval County Public School District. This consists of more than 170 schools and dozens of district wide programs. She also completed the development of Blue Valley Post Occupancy evaluation and Educational Specifications.

Ashley participated in the CEFPI Central Ohio School Building Day, at Kae Avenue Elementary School in Whitehall, Ohio.
